Junior Consultant in Management

Hard-working and self-educated Consultant, had changed my career after almost five years in Electrical Engineering and Management to specialize in Consulting in Information Technology sector.

I had the chance to visit Wevoo in December 2019 during the three days of the Hackathon 'Hack-To-The-Future' and I am interested in starting my new career in your company as Junior Consultant to work on engaging projects. To know more about me please visit my website.
